Organisation's Profile

The Arte-Via Cooperative is an institution without lucrative purposes that develops its action at the local, regional and national level. Its context is inserted in a social, economical and gender inequality. Therefore, we try to fill in some necessities with an informal formation programme according to the basilar European principles of apprenticeship throughout life.

Until now, our activity has always had the support, either from the community, or from public or private institutions, local and regional. Since 1999, when Arte-Via was founded, we have given a major contribution to the cultural development, in a large sense of the region where we are integrated.

Arte-Via Cooperative, in Lousã, district of Coimbra (Portugal) is a regional cooperative, whose members work as volunteers. It has senior university promoting classes for elderly people and migrants in painting, history, Thai Chi Chuan and English, Italian, Spanish and Portuguese languages. The cooperative is organising events such as readers' communities, international seminars, writing contests, art exhibitions and multimedia performances and takes part in European projects, such as Leonardo da Vinci and Grundtvig.
