<b>Description of the organisation</b>	The European Consortium Servizi Affari e Finanza (CESAF) was founded in 1999 as a response to the need in the Piedmont Region of specific assistance both in adult training that in consulting and specific and qualified assistance for private and public sector. CESAF is credited by Piedmont Region and certificated UNI EN ISO 9001:2000 for the planning and provision of vocational training courses. Since 2004 become also an Authorized Training Agency. To reach its social aim and facilitate the achievement of common goals, CESAF has therefore developed a network of contacts and relationships between businesses, government agencies and professionals. After 13 years of activity, through a stable organization composed by internal experts and several external professionals CESAF is able to provide integrated training and consulting. From 1999 to present, the Consortium has completed several projects primarily regarding the vocational training sector.
<b>Main educational activities</b>	Main educational activities include courses of different duration and nature (language, Information Technologies, Agricultural, Communication and art; ...) for adults (more than 18 years old). All These activities are Courses financed by local or EU Public Authorities (European Social Fund) for adults or Private courses created and developed ad hoc for many private companies and bodies.
